

Warning Against Misrepresentation!

It has been brought to our attention that unscrupulous peddlers of Sewing Machines are traveling the territory of Barre and vicinity and misrepresenting at every point possible the Machines handled by us—the Standard Rotary Shuttle Sewing Machines. Not only are they misrepresenting, but they are also making statements which are absolutely false and without any foundation whatsoever.

While we do not believe the allegations of such parties will have any influence upon anyone acquainted with us or the Machines we sell, yet as a precaution we advise you of the above.

Standard Rotary Shuttle Sewing Machines, \$32 to \$60

Both chain stitch and lock stitch can be made with a Standard. In these Machines—really the finest of all made—the shuttle has a circular motion, instead of moving forward and backward, thus doing away with all vibration and jarring.

A company with nearly \$3,000,000 capital stock stands ready to make good any Machine not satisfactory in every particular. Don't be fooled by imitators.

You Don't Have To

Sometimes when sickness is in the family and a physician has been called in and a prescription written, you have noticed the name of some particular druggist printed on the paper on which the doctor writes the prescription. This does not mean that you are compelled to take your prescription to the druggist whose name appears on the paper. It is recognized the world over that a patient has the privilege of taking the prescription to any drug store that he prefers. The prescription department in our store is always watched over by a graduate and registered pharmacist. A doctor's prescriptions are always filled exactly according to the way he intended they should be filled.

vision proceedings have ensued.

A large number of the friends of Miss
Jessie Blake gathered at her home on
Murray street last evening, and a very
enjoyable time was spent. Whist and
other games were played; there was also
singing and selections on the piano by
some of the members, while Mr. Cooper
entertained the company with one of
his witty comedies. After refreshments
were served, the party broke up at mid-
night.

On the Montpelier seminary campus
yesterday afternoon the Montpelier high
school football eleven defeated the Bur-
lington high school by the score of 17
to 6. The visiting team never really
had a chance to score, as the Montpelier
boys played a fine game, offensively and
defensively. The home team was full
of tricks and Burlington was completely
taken in by them. The inside kick, the
denible pass and the forward pass gained
ground every time they were tried by
the visitors, whose backs are the best
that ever represented the school. On
Monday afternoon Goddard plays
Montpelier high, the contest being play-
ed on the Montpelier campus.

Protection From Autumn Rains!

One of the best all-round garments made is the "Cravenette," or Rain Coat. Any suitable fabric may be cravenetted, which is a chemical process making any cloth waterproof. This gives the wide range of attractive fabrics which are made into "Sincerity" Rain Coats. Men who pride themselves on the correctness of their attire consider this garment necessary for wear in rainy weather alone. But it serves the double purpose of being equally as good for cool, sunshiny days or a protection against rain. Our "Sincerity" Rain Coats range in price from \$10.00 to \$20.00. They are skeleton lined with inside tailoring to give them permanence of shape in the collars, shoulders and front.

"Sincerity" Suits and Overcoats!

We have a great line of these garments this season. We aim to constantly better our service and be "different," and as far as the claim of "best" is concerned we are willing that you make a comparison of values and prices.

"Sincerity" Suits From - - \$10.00 to \$22.00
"Sincerity" Overcoats From - - 10.00 to 25.00
